A Consumer's Dictionary of Food Additives, by Ruth Winter  
Tertiary Consumers. When it comes to food chains, tertiary consumers are the top dogs. They typically don't get eaten by other animals. Humans are a common tertiary consumer because they have few predators. Lions are another example of a tertiary consumer, because facing a lion is tough. Eagles and owls fit here too.

Examples of Producers and Consumers in a Food Chain  
Definition. Consumer is a category that belongs within the food chain of an ecosystem. It refers predominantly to animals.

Dictionary of Cosmetic Ingredients. This updated and expanded sixth edition gives you all the facts you need to protect yourself and your family from possible irritants, confusing chemical names, or exaggerated claims of beauty from gimmick additives. Virtually every chemical found in toiletries, cosmetics, and cosmeceuticals—from body and face creams to toothpaste, hand lotion, shaving cream, shampoo, soap, perfume, and makeup—is evaluated in this book, including those ingredients marketed as being all-natural, for children, and for people of color. The alphabetical arrangement makes it easy to look up the ingredients in the products you use. With new substances popping up in products we utilize every day—and with the continuing deregulation of the cosmetics industry—A Consumer ' s Dictionary of Cosmetic Ingredients is more indispensable than ever.
