International Law and the Use of Force by States Ian Brownlie Abstract. The author of this book has confined himself to the pursuit, on historic lines, of an estimation of the extent of legal prohibition of the use of force by states. He includes the deliberations and findings of political organs of the League of Nations and the United Nations ...

International Law and the Use of Force by States — Oxford —

The rules governing resort to force form a central element within international law, and together with other principles such as territorial sovereignty and the independence and equality of states provide the framework for international order. While domestic systems have, on the whole, managed to prescribe a virtual monopoly on the use of force for the governmental institutions, reinforcing the hierarchical structure of authority and control, international law is in a different situation.

International Law and the Use of Force by States (Chapter —

This book explores the use of force in international law. It examines not only the use of force by states but also the role of the UN in peacekeeping and enforcement action, and the increasing role of regional organizations in the maintenance of international peace and security. The UN Charter framework is under challenge: Russia's invasion of Georgia and intervention in Ukraine, the USA's ...
