International Journal of Law and Management | Emerald Insight

In management, Joy's law is the principle that "no matter who you are, most of the smartest people work for someone else," attributed to Sun Microsystems co-founder Bill Joy. Joy was prompted to state this observation through his dislike of Bill Gates' view of "Microsoft as an IQ monopolist." He argued that, instead, "It's better to create an ecology that gets all the world's smartest ...

Joy's law (management) - Wikipedia

Definition of law is a rule of conduct developed by government or society over a certain territory. Law follows certain practices and customs in order to deal with crime, business, social relationships, property, finance, etc. The Law is controlled and enforced by the controlling authority.
