How To Read a Book a Week | Jim KwikStrategic Learning How To Be

Strategic Learning is a leadership process that generates a cycle of ongoing discovery and adaptation. It strives to balance focus with flexibility, and thoughtful analysis with creative thinking which is continually sharpened through learning and experience.

~~Strategic Learning | Willie Pietersen~~

But this process—Strategic Learning—is not just a step-by-step ritual. It is inspired by a set of crucial underlying ideas. The key to the successful application of Strategic Learning is to understand and mobilize these key concepts. To clarify our thinking, we need to answer two important questions: What is strategy?

~~Strategic Learning | Wiley Online Books~~

Strategic learning is, in effect, a highly probable outcome of effective strategic teaching. Reduced to its essentials, strategic learning is learning in which students construct their own meanings, and in the process, become aware of their own thinking. The link between teaching, thinking, and learning is critical.

~~Strategic Teaching and Learning—ADPRIMA~~

There are five interdependent steps in Strategic Learning's process. Each step is designed to inform and refine subsequent steps. The first step in the process is Alignment and Assessment and serves to clarify a sponsor's perspective on the current situation and identify targeted results.

~~Strategic Learning—Discover Human Potential~~

The strategic learning process also forms the basis for how strategy is taught in Columbia Business School's Executive Education programs. Strategic Learning presents Pietersen's unique "insight to action" model. Using this cycle of four linked steps—Learn, Focus, Align, and Execute—your organization will continuously learn from its ...
