Behavioral Health

Introduction - Strategies for Scaling Effective Family ...

Workshop participants described strategies to facilitate the scale-up of effective family-focused preventive programs. Generating demand. Several participants noted programs tend to be more successful if there is consumer support for them; local, agency, and political champions of them; and if the right program is matched to the right organization.

Cognitive Affective And Behavioral Health Strategies for Scaling Tested and Effective Family-Focused ...

While an extensive array of existing evidence-based practices (EBPs) have the potential to improve patient outcomes, little is known about how to implement EBPs on a larger scale. Therefore, we sought to identify effective strategies for scaling up EBPs in primary care. We conducted a systematic review with the following inclusion criteria: (i) study design: randomized and non-randomized ...

Nine steps for developing a scaling-up strategy. 1. Delivery of health care - standards. 2. Health services - standards. 3. Health planning. 4. Technology, Medical. 5. Technological innovations.

Nine steps for developing a scaling-up strategy

Also, if need be, do not hesitate to invest in your team as their learning will ultimately reduce your work and allow you to scale your business effectively. 2.

Networking and Collaboration. The mindset that promotes growth and scalability must extend itself to collaborations and partnerships outside the business.

of a scaling up strategy most frequently reported was related to human resources. As very few studies provided a measure of the coverage of the scaled-up intervention, it is uncertain whether their scaling up strategies were effective. The science of scaling up EBPs in primary care is young and future initiatives should include the development of
