Ted Bundy was America's first celebrity serial killer, and one of the most chilling enigmas in criminal history. Handsome, boyish and well spoken, a law student with bright political prospects, Bundy was also a predator and sexual deviant who murdered and mutilated at least thirty young women and girls, many of them college coeds, but at least two as young as twelve. Penned by two journalists in close contact with Bundy's friends and relatives, as well as spending 150 hours interviewing him on Death Row, Ted Bundy: The Only Living Witness is the definitive account of America's most notorious criminal, as told by the people who knew him best.

The case of Robert Charles Browne, who may be one of America's most prolific serial killers, was supposed to be a cold one. But that was before three retired buddies took it on. "The score is you one, the other team 48," wrote Robert Charles Browne in March 2000, from his prison cell in Colorado, where he was serving a life sentence for a girl's murder. "Seven sacred virgins entombed side by side, those less worthy are scattered wide." No one in local law enforcement knew what to make of this message. Then three friends, volunteer members of the El Paso Sheriff's Department cold case squad, decided to write back to Browne. Browne boasted about having killed as many as forty-eight people in a cross-country murder spree spanning twenty-five years. As the old friends parsed the riddles, investigators followed clues leading to a confession and the closure of another heartbreaking case. This is their story. Includes photographs

After a search of over twenty years, one of America's most elusive serial killers was finally apprehended. Now, read the true story of one man's attempt to get inside the mind of the Green River Killer July 15, 1982: 3 woman's strangled body was found, caught on the pilings of Washington state's Green River. Before long, the "Green River Killer" would be suspected in at least forty-nine more homicides, with no end in sight. Then the authorities received an unbelievable letter from the infamous serial killer Ted Bundy -- then on Florida's death row -- offering to help catch the Green River Killer. But he would only talk to one man: Robert Keppel, the former homicide detective who had helped track Bundy's cross-county killing spree. Now these conversations are revealed, in which Bundy speculates about the motive and methods of the Green River Killer -- and reveals his own twisted secrets as well. Now, as never before, we look into the face of evil...and into the heart of a killer.

. Ruth Hartland is a psychotherapist with years of experience. But professional skill is no guard against private grief. The mother of grown twins, she is haunted by the fact that her beautiful, difficult, fragile son Tom, a boy who never "fit in," disappeared a year and a half earlier. She cannot give up hope of finding him, but feels she is living a kind of half-life, waiting for him to return. Enter a new patient, Dan--unstable and traumatized--who looks exactly like her missing son. She is determined to help him, but soon, her own complicated feelings, about how she has failed her own boy, cloud her professional judgement. And before long, the unthinkable becomes a shattering reality.... An utterly compelling drama with a timebomb at its core, *A Good Enough Mother* is a brilliant, beautiful story of mothering, and how to let go of the ones we love when we must.
