Private equity has had a great run. It ' s over. We are in a new world that will drive convergence between public and private equity. That ' s actually great news for us allocators, because we will have a broader set of choices and more flexibility in portfolio construction

The future of private equity

But the bust in North Dakota and the Eagleford was the Permian ' s gain. Service costs fell, and the land grab was back on, and while equity players were still gun shy from the capital losses they took in 2014-2015, the banks weren ' t. Interest rates were -0 and Private Equity clamored to prove up the Permian.
