In *Superteams*, renowned teamwork specialist Khoi Tu explains how to make sure your team delivers consistently superior results and emerges stronger from the inevitable crises you will face. What do the SAS, Ferrari and the Rolling Stones have in common? Their success is about much more than talented individuals. They are Superteams. Every organisation, whether a business or a sports club, lives or dies by the quality of its teamwork. No man can be an island for long; only great teams can face a crisis and emerge stronger. So how do you build the right team? Many people think of it like a rock supergroup: bring the best of the best together and magic will happen. Yet supergroups often flop, while bands of unknowns rise to the top. In this incisive and inspirational book, renowned teamwork specialist Khoi Tu explains how to make sure your team delivers consistently superior results, whatever your aim: averting business failure or resolving political conflict, dealing with a hostage situation or leading your team to sporting victory. *Superteams* takes seven legendary teams - including animation studio Pixar, Europe's 2010 Rider Cup winners, and the people behind the Northern Ireland peace process - and analyses their inner workings, evolution and defining moments. 'This book shows what people can do when the going gets tough and there's a goal to be achieved. Nice one Khoi' Jamie Oliver Khoi Tu is a sought-after leadership and teamwork consultant.
