The Toss Of A Lemon
A little over a decade old now, The Toss of a Lemon is Viswanathan’s debut novel. It’s an ambitious, expansive undertaking of over 600 pages; the story’s timeline spills over many decades, and has a huge cast. There’s really not a singular core storyline, which makes for an unusual (but intriguing!) reading experience.

"The Toss of a Lemon" implies a certain history of the novel, which includes 19th century English novels, Forster, Mann, Maughan, and late Romantics. If this novel was the sum total of what the 20th and 21st centuries have achieved with novels, there would have been no modernism or postmodernism, only a continuing belated romanticism, hoping continuously for a return to an impossible past.

Toss of a Lemon is a portrait of a Brahmin widow, and the lives of her children and grandchildren in India in the first half of the twentieth century. It provides a detailed look at the caste system and the rules imposed on caste members, particularly a widowed woman. The book is written in almost a poetic fashion.

In south India in 1896, ten-year old Sivakami is about to embark on a new life. Hanumaratham, a village healer with some renown as an astrologer, has approached her parents with a marriage proposal. In keeping with custom, he provides his prospective in-laws with his horoscope. The problem is that his includes a prediction, albeit a weak one, that he will die in his tenth year of marriage. Despite the ominous horoscope, Sivakami's parents hesitate only briefly, won over by the young man and his family's reputation as good, upstanding Brahmins. Once married, Sivakami and Hanumaratham grow to love one another and the bride, now in her teens, settles into a happy life. But the predictions of Hanumaratham's horoscope are never far from her new husband's mind. When their first child is born, as a strategy for accurately determining his child's astrological charts, Hanumaratham insists the midwife toss a lemon from the window of the birthing room the moment his child appears. All is well with their first child, a daughter, Thangam, whose birth has a positive influence on her father's astrological future. But this influence is fleeting; when a son, Vairum, is born, his horoscope confirms that his father will die within three years. Resigned to his fate, Hanumaratham sets himself to the unpleasant task of readying his household for his imminent death. Knowing the hardships and social restrictions Sivakami will face as a Brahmin widow, he hires and trains a servant boy called Muchami to help Sivakami manage the household and properties until Vairum is of age. When Sivakami is eighteen, Hanumaratham dies as predicted. Relentless in her adherence to the traditions that define her Brahmin caste, she shaves her head and dons the white sari of the widow. With some reluctance, she moves to her family home to raise her children under the protection of her brothers, but then realizes that they are not acting in the best interests of her children. With her daughter already married to an unreliable husband of her brothers' choosing, and Vairum's future also at risk, Sivakami leaves her brothers and returns to her marital home to raise her family. With the freedom to make decisions for her son's future, Sivakami defies tradition and chooses to give him a secular education. While her choice ensures that Vairum fulfills his promise, it also sets Sivakami on a collision course with him. Vairum, fatherless in childhood, childless as an adult, rejects the caste identity that is his mother's mainstay, twisting their fates in fascinating and unbearable ways.

A "superbly done" novel of a woman, her family, and a village in India that "makes a vanished world feel completely authentic" (Booklist), Sivakami was married at ten, widowed at eighteen, and left with two children. According to the dictates of her caste, her head is shaved and she puts on widow's whites. From dawn to dusk, she is not allowed to contaminate herself with human touch, not even to comfort her small children. Sivakami dutifully follows custom, except for one defiant act: She moves back to her dead husband's house to raise her children. There, her servant Muchami, a closeted gay man who is bound by a different caste's rules, becomes her public face. Their singular relationship holds three generations of the family together through the turbulent first half of the twentieth century, as India endures great social and political change. But as time passes, the family changes, too; Sivakami's son will question the strictures of the very beliefs that his mother has scrupulously upheld. The Toss of a Lemon is heartbreaking and exhilarating, profoundly exotic yet utterly recognizable in evoking the tensions that change brings to every family.

Masterfully brings to life a profoundly exotic yet utterly recognizable family in the midst of social upheaval in an evocative story that spans the lifetime of one woman in a Brahmin household from 1896 through 1962, in a novel inspired by the author's grandmother's stories. Reprint.

From internationally acclaimed New Face of Fiction author Padma Viswanathan, a stunning new work set among families of those who lost loved ones in the 1985 Air India bombing, registering the unexpected reverberations of this tragedy in the lives of its survivors. A book of post-9/11 life. The Ever After demonstrates that violent politics are all-too-often homegrown in North America but ignored at our peril. In 2004, almost 20 years after the fatal bombing of Air India Flight 182 from Vancouver, two suspects are—finally—on trial for the crime. Ashwin Rao, an Indian psychologist trained in North America, comes back to do a "study of comparative grief," interviewing people who lost loved one in the attack. What he neglects to mention is that he, too, had family members who died on the plane. Then, to his delight and fear, he becomes embroiled in the lives of one family that remains unable to escape the undertow of the tragedy. As Ashwin finds himself less and less capable of providing the objective advice this particular family seeks, his surprising emotional connection to them pushes him to face his own losses. The Ever After imagines the lasting emotional and political consequences of a real-life act of terror, confronting what we might learn to live with and what we can live without.

"Meet James Samuel Vincent, an affluent Manhattan attorney who shirks his modest Irish American background but hews to his father's meandering ways. James muddles through a topsy-turvy relationship with his son, Rufus, which is further complicated when Rufus marries Claudia Christie. Claudia's mother--Agnes Miller Christie--is a beautiful African American woman who survives a chance encounter on a Georgia road that propels her into a new life in the Bronx. Soon after, her husband, Eddie Christie, is called to duty on an air craft carrier in Vietnam, where Tom Stoppard's play "Rosencrantz and Guildenstern Are Dead" becomes Eddie's life anchor, as he grapples with mounting racial tensions on the ship and counts the days until he will see Agnes again. These unforgettable characters' lives intersect with a cast of lovers and friends--the unapologetic black lesbian who finds her groove in 1970s Berlin; a moving man stranded in Portsmouth, New Hampshire, during a Thanksgiving storm; two half-brothers who meet as adults in a crayon factory; and a Coney Island waitress whose Prince Charming is too good to be true. With piercing humor, exacting dialogue, and a beautiful sense of place, Regina Porter's debut is both an intimate family portrait and a sweeping exploration of what it means to be American today.
